

Coating Holdings LTD

***Offering endless applications in mining
and material handling!!***

Specializing in Spray Application Equipment, Polyurethane/Polyurea Protective Coating/Foam Insulation
Telephone: 920-748-3085 800-625-9577 Fax: 920-748-3369

Providing innovative coating solutions for the mining and material handling industry.

Features and qualities:

- Abrasion, cutting and tear resistant elastomers/polyurea/polyurethane
- Hardness from 50A to 65D durometers
- High resilience and compressive properties
- Impact resistance
- High temperature resistance to 400°F+
- Moisture impermeability
- Electrical and insulating qualities
- Flame Retardancy

Screen Deck
Coated For
Abrasion
Resistance.
